OBJECTIVE

My aim is to create better interfaces and experiences, making the web, applications and technology easier for the user. I simplify communication barriers, bridging the gap between end-users, designers and developers.

EDUCATION

UXC - UX Certification

Nielsen Norman Group

August 2014

Nielsen Norman Group (NN/g) UX Certification provides both a solid foundation and enhances existing knowledge and practical skills in UX design and research.

CUA (Certified Usability Analyst) Certification

Human Factors International

June 2014

The Certified Usability Analyst is a program designed by Human Factors International (HFI) to certify the skills of professionals responsible for the design of end user interfaces.

CUA: 2014 - 4957

Professional Project Management Certificate

University of Regina

March 2008

The Project Management Certificate is designed to meet the professional development needs of experienced project managers facing new challenges and novice managers who are new to project management.
